English

I worked, designing my new products for Visionnaire, on the search for unusual aesthetic values, creating forms and compositions defined by the contrast between profoundly different materials: natural ones - mainly stones and woods - as opposed to artificial ones - glass and metals. Metals, essences, marbles, skins and glasses transmit, through their refined combination, preciousness, value and excellence.

При работе над новой коллекцией Visionnaire я стремился к поиску необычных по своей эстетике форм и композиций, строящихся на контрасте фактур: такие природные материалы, как дерево и камень противопоставляются материалам, созданным человеком – стеклу и металлу. Изысканное сочетание металла, древесины, мрамора, кожи и стекла является выражением роскоши и эксклюзивности.

Nel disegnare i miei nuovi prodotti per Visionnaire ho lavorato sulla ricerca di inusuali valori estetici creando forme e composizioni definite dal contrasto tra materiali profondamente diversi: quelli naturali – principalmente pietre e legni - contrapposti a quelli artificiali- vetri e metalli. Metalli, essenze, marmi, pelli e vetri trasmettono, attraverso la loro raffinata combinazione, preziosità, valore ed eccellenza.
