### English

NM3 is a multidisciplinary collective founded by Nicolò Ornaghi, Delfino Sisto Legnani and Francesco Zorzi, working across design, visual research and material experimentation. Their practice is grounded in a structural approach, where objects are conceived as systems defined by balance, tension and construction. Through a language that is both radical and controlled, NM3 explores matter as a primary element — not decorative, but essential. Natural materials, industrial processes and artisanal techniques are brought into dialogue, generating forms that are rigorous, expressive and deeply contemporary.

NM3 è un collettivo multidisciplinare fondato da Nicolò Ornaghi, Delfino Sisto Legnani e Francesco Zorzi, attivo tra design, ricerca visiva e sperimentazione materica. La loro pratica si fonda su un approccio strutturale, in cui gli oggetti sono concepiti come sistemi definiti da equilibrio, tensione e costruzione. Attraverso un linguaggio al tempo stesso radicale e controllato, NM3 indaga la materia come elemento primario — non decorativo, ma essenziale. Materiali naturali, processi industriali e tecniche artigianali entrano in dialogo, generando forme rigorose, espressive e profondamente contemporanee.
